Level of Performance

Assessment is primarily a matter of academic judgement, and the computational structure is designed to facilitate consistent judgements. The following scale is used as a way of relating a judgement of performance to a numerical mark.

Judgment of performance	Mark
Outstanding	80% and above
Very good	70% - 79.9%
Good	60% - 69.9%
Satisfactory	50%- 59.9%
Fail	49.9% and below

The overall mark for a student at the end of a programme reflects his or her entire performance throughout the period of study. The final mark is a combination of the overall mark of all the years weighted in the following manner:

2-year programme 30: 70 (year I: year II)

3-year programme 20: 30: 50 (year I: year II: year III)

4-year programme 10: 20: 30: 40 (year I: year II: year III: year IV)
