Personal statement

Hello I am Rigzang Dorji, a 20-year-old ICT graduate specializing in Cyber Security, with a Diploma from WIN College of Australia collaboration. My academic journey, beginning at Lungten Zampa Middle Secondary School and continuing through Yangchenphug Higher Secondary School, has instilled in me a strong foundation in discipline, problem-solving, and adaptability. Completing my diploma in January 2026 has equipped me with practical knowledge of digital security, network protection, and risk management, preparing me to contribute meaningfully to the evolving field of information technology.

Driven by curiosity and a passion for safeguarding digital environments, I am eager to apply my skills in real-world contexts where I can help organizations strengthen their cyber resilience. I bring not only technical expertise but also strong communication skills, teamwork, and a commitment to continuous learning. My goal is to grow as a professional in ICT while making a positive impact by ensuring secure and reliable digital systems.

Education

- ✓ Diploma in ICT (Cyber Security) WIN College of Australia — Completed January 2026
- ✓ Class 12 Yangchenphug Higher Secondary School, Thimphu — Completed 2023
- ✓ Class 10 Lungten Zampa Middle Secondary School, Thimphu — Completed 2021

Skills

Technical skills

- ✓ Cyber Security fundamentals (network security, threat analysis, risk management)
- ✓ ICT systems administration and troubleshooting
- ✓ Knowledge of secure coding practices
- ✓ Strong communication and teamwork abilities
- ✓ Adaptability and eagerness to learn new technologies

Personal skills

- ✓ Analytical Thinking – Ability to assess problems, identify risks, and develop effective solutions.
- ✓ Attention to Detail – Careful and precise in handling technical tasks, ensuring accuracy in security measures.
- ✓ Problem-Solving – Skilled at troubleshooting ICT issues and finding innovative ways to protect systems.
- ✓ Adaptability – Quick to learn new technologies and adjust to changing environments.
- ✓ Teamwork & Collaboration – Comfortable working with peers and professionals to achieve shared goals.
- ✓ Communication Skills – Clear and effective in explaining technical concepts to both technical and non-technical audiences.
- ✓ Time Management – Efficient in prioritizing tasks and meeting deadlines.
- ✓ Ethical Responsibility – Strong awareness of professional ethics, especially in handling sensitive data.
- ✓ Continuous Learning – Passionate about keeping up with evolving cyber security trends and ICT innovations.
- ✓ Resilience – Ability to remain focused and composed under pressure.

Language

- ✓ Dzongkha: Native
- ✓ English: Fluent
- ✓ Lhotsampha
- ✓ Tshangla
